

# GET FUTURE PROOF GDPR RESOURCES & DATA PROTECTION TIPS

## GDPR DATA PROTECTION AND SECURITY RESOURCES

- [Data protection guidelines](#) for persons inside and outside the EU under GDPR  
*European Commission website*
- [Guide to securing personal information](#) provides guidance on the reasonable steps required under the Australian Privacy Act 1988  
*Office of the Australian Information Commissioner website*
- [Guide to the General Data Protection Regulation](#) explains the provisions of the GDPR to help organisations comply with its requirements  
*Information Commissioner's Office, UK*

## TIPS FOR STRENGTHENING DATA PROTECTION WITHIN YOUR ORGANISATION

- Use a password safe to manage and generate strong passwords.
- Update your passwords on a regular basis.
- Apply 2 factor authentication for all accounts where possible.
- Provide cybersecurity education to your staff.
- Ensure you have solid data backups and recovery procedures in place.
- Implement local and cloud-based cybersecurity protection.
- Use a multi-layered approach to cybersecurity solutions such as MailGuard's cloud-based email and web filtering solution.
- Maintain and update your security software.
- Encrypt portable media such as hard drives or USB keys.
- Check that procedures for storing, securing and destroying personal information are in place.
- Train employees in data management procedures.
- Get professional advice on how to strengthen your company's security.
